

Eliseo Gasion

3D Artist & Industrial Designer - Automotive Visualization

Cordoba, Argentina | Available Worldwide / Remote

(+54) 351 522-1863 | eliseogasion@gmail.com | linkedin.com/in/eliseo-gasion | eliseo-gasion.vercel.app

PROFESSIONAL SUMMARY

3D visualization artist and Industrial Designer (FAUD, National University of Cordoba) with 5+ years inside the automotive industry and hands-on 3D art experience (BIRCLE, Estudio 55). Specialist in Blender (Cycles/Eevee) lighting, PBR shading, and cinematic presentation, with deep real-car construction knowledge from Class-A OEM programs (Volkswagen, Renault, Stellantis, Toyota) - panel surfacing, headlight optics, trims, and materials. Self-directed Roblox Studio learner. Seeking a full-time Render Artist role to create in-game and marketing art players love.

SELECTED 3D PROJECT

Porsche 911 Turbo 3.0 (Type 930) - Driving Empire Key-Art Study

Independent speculative study (non-commercial) | Remote | 2026

- Self-initiated promotional key-art study for Driving Empire: 1975 Porsche 911 Turbo rendered across in-game-style scenarios (sunset action, customization hangar, showroom) to demonstrate automotive game-art capability.
- Full Blender Cycles pipeline: calibrated classic proportions, studio lighting architecture, PBR/anodized-metal shaders, post-production in Photoshop.

PROFESSIONAL EXPERIENCE

3D Artist & Animator

BIRCLE | Remote | Dec 2022 - May 2023

- Created high-fidelity 3D assets, procedural PBR shading, and cinematic 360-degree animation loops for digital art collections and real-time displays.
- Optimized polygon topology and UV unwrapping for fluid real-time rendering; designed studio lighting rigs and atmospheric compositing in Blender and Premiere Pro.

Tools: Blender, Photoshop, Premiere Pro, After Effects

Founder & 3D Visualization Lead

Estudio 55 (independent furniture studio) | Cordoba, Argentina | 2024 - Present

- Direct and produce all commercial visualization: photorealistic catalog renders and cinematic product videos (Blender Cycles) for author furniture pieces.
- Run the studio as an active venture: creative direction, physical prototyping, and brand visual identity.

Tools: Blender Cycles, KeyShot, Photoshop, Premiere Pro

Product Engineer & Industrial Designer (Automotive)

Teknis | Cordoba, Argentina | Jun 2023 - Present

- Engineer production Class-A plastic components for the Renault H1312 (Niagara pickup) program: bumpers, claddings, consoles - deep knowledge of how real cars are constructed, paneled, and trimmed.
- Produce technical 3D visualization renders for international design sign-offs with Renault headquarters.

Tools: CATIA V5, SolidWorks, KeyShot, Blender

Product Engineer & Surfacing Specialist (Automotive)

Teknis | Cordoba, Argentina | Jun 2020 - May 2022

- Multinational team (Argentina, Brazil, Italy) for the Volkswagen Amarok 2024 headlights: G2 Class-A optical surfaces in CATIA V5; 3D-scan reverse engineering for F2J Lighting (France).
- KeyShot presentation renders for automotive styling approvals.

Tools: CATIA V5 (GSD), KeyShot, SolidWorks

Product Engineer

Volt Motors (state-funded EV program, halted pre-production) | Cordoba, Argentina | Oct 2022 - Nov 2022

- End-to-end lighting components: housing design, fiberglass-lamination molds and assembly fixtures, through on-vehicle mounting. Purely engineering role.

Tools: CATIA V5, Fiberglass Mold Tooling, Technical Drawings

CORE SKILLS

- Visualization & Post: Blender (Cycles & Eevee - lighting, PBR shading), Adobe Photoshop & Premiere, After Effects.
- 3D & CAD: SolidWorks (parametric modeling), CATIA V5 (Class-A surfacing), 3D scanning & reverse engineering, AutoCAD, CNC machining (CAM / G-code).
- Currently developing (self-directed): Roblox Studio - actively learning the platform, lighting, and asset workflows.

EDUCATION

Bachelor of Industrial Design

National University of Cordoba (FAUD UNC) | Cordoba, Argentina | 2017 - 2023

- Graduation thesis: immersive flight training simulator (cockpit layout, ergonomic mechanisms, structural engineering).

Electronics & Telecommunications Technician

Instituto Tecnico Salesiano Villada | Cordoba, Argentina | 2010 - 2016 (GPA 8.05/10)

LANGUAGES

- Spanish: Native.
- English: B2 Upper-Intermediate - fluent technical and conversational English; daily collaboration with international teams.
